# About This Directory

[Delta 2023-2028 Social Action Plan](#) was approved by Council on March 6, 2023. Improving public awareness of and access to services and community facilities available in Delta was identified a key objective as part of the plans Strategic Priority #1: Leading the Change. As a result, a directory of social services in Delta which developed in 2021 has been updated.

This directory contains social service providers, organizations, and agencies who serve citizens of the City of Delta. Also included are the sector-based community tables that bring together community partners to work on community-wide issues (food security, children and youth, etc.). Over 180 directory listings are organized in alphabetical order. Services provided through the City of Delta are listed in a separate section.
