

The following must be submitted with your completed building permit application form:

- Completed Schedule 2, Owner's Undertaking.
- Completed Schedule 3, Owner's Authorization (if applicant is not the owner of the property).
- Copy of water lot lease.
- Approval from Port Metro Vancouver in the form of a Project Permit, or if written confirmation a Project Permit is not required.
- Three site plans including:
 - Information of access to dock and dimensions.
 - Proposed location of float home relative to lot lines and other structures.
 - Service connection details for water and sewer.
 - Parking requirements.
- Two copies of exterior wall elevations showing dimensions of walls and dimensions of all openings (windows and doors).
- Two copies of all documentation required by the BC Float Home Standards, Part 5 – Existing Structures with the exception of (e) (Attached).
- An inspection certificate from an accredited agency stating all chimneys, fireplaces and solid fuel burning appliances are safe for use.
- Declaration of cost of moving.
- A non-refundable deposit.
