Notice to Homeowner:

All work performed under a Delta Plumbing Permit must conform to the requirements of the current B.C. Plumbing Code. To assist you in the plumbing installation, the Plumbing Inspectors have identified the following:

- Use only lead-free solder
- Use only CSA (Canadian Standards Association), ITS (Intertek Testing Services) or Warnock Hersey approved fixtures. Do not remove the labels
- All plastic water lines will require a 200 psi (pounds/square inch) hydrostatic test at time of rough inspection

The aforementioned is provided for your information and is not intended to be a complete list of the requirements of the B.C. Plumbing Code. Should you have any questions regarding your plumbing installation please call your field inspector.
