Dear Premier Eby and Minister Fleming,

Re: Proposed Fraser River Tunnel Project – Secondary Access from Ladner

Thank you for the presentation provided by the Transportation Investment Corporation team on the proposed Fraser River Tunnel Replacement project at Delta Council's Regular Meeting on February 13, 2023.

The connection of River Road over Highway 99 remains a vital component for the City of Delta, as it provides a much needed secondary access from Ladner, as well as support pedestrian and cycling connections. As such, we are pleased to hear that the Province is willing to consider including the River Road overpass into the scope of the Fraser River Tunnel Project once federal funding is secured.

Thank for your consideration of re-instating this critical connection into the scope of the project, and I look forward to working collaboratively with all stakeholders to build this vital piece of infrastructure.

Yours truly,

George V. Harvie
Mayor
